UNRWA was forced to sign the Framework Agreement with The United States of America, On 14 July 2021, in exchange for the latter's resumption of financial aid. The Framework Agreement violates international law and the procedures of the United Nations and UNRWA's mandate itself, leading to changing the mandate of UNRWA from an agency providing humanitarian aid for refugees to a security agency submissive to donor countries.

**How does the agreement affect the rights of refugees and the Palestinian people?**

The agreement requires UNRWA to follow the criteria of the United States’ law on terrorism to determine who is eligible to receive humanitarian assistance, in addition to imposing illegal political conditions serving the misleading Israeli campaigns, aiming to end the Palestinian refugee issue.

- **Conducting a security check** for UNRWA's employees, beneficiaries of its services and suppliers.
- **Excluding anyone** connected to the Palestine Liberation Army or resistance factions classified as terrorist from receiving UNRWA's services.
- **Monitoring the posts and statements** of UNRWA’s employees, especially on social media platforms.
- **Forcing UNRWA** to submit periodic reports to the United States and the concerned countries on Palestinian refugees who are not 'eligible' to receive services.
- **Forcing UNRWA** to communicate with host countries (including Israel) to inquire about people who are accused of terrorism.
- **Blocking and deleting facts:** such as deleting the historical borders of Palestine, and not mentioning the colonization of Palestine and the perpetration of massacres by the Zionist militia.
- **Hiding facts:** not describing the wall as a racist apartheid wall, not mentioning the martyrs, the prisoners and the Israeli oppression.
- **Denying facts:** such as not saying that Haifa, Jaffa, Acre and Al Majdal-Aqsaian are on the coast of Palestine.
- **Imposing misleading terms and information:** such as East Jerusalem instead of Jerusalem, and the Arab-Israeli war instead of the Palestinian Nakba.

---

**No to imposing political conditions on funding**

**No to turning UNRWA into a security agency**
