THE LAND OF PALESTINE

Decades of Seizure, Plunder and Confiscation
Palestinian Jews constituted about 5% of the population of Palestine and legally owned 4% of the land until 1917.
BETWEEN 1917 AND 1947,

with the facilitation of the British Mandate, colonizers comprised 32% of the population and illegally acquired about 7% of the land.
In 1947, the illegal Partition Plan granted Zionist colonizers 56% of Palestine. As a result of the 1948 Nakba and the displacement of more than 750,000 Palestinians, Israel was created on 78% of Palestine.
TODAY,

- Israel controls over approximately 86% of Palestine, lands that are for the benefit of colonizers only

- Israel confines Palestinians in 1948 Palestine to an area less than 3.5% of the land

- Palestinians in the 1967 occupied territory are confined to an area less than 11%
This is the implementation of the Zionist-Israeli colonial strategy:

MAXIMUM LAND WITH MINIMUM PALESTINIANS
